PREFACE

SSA is an effort to universalize elementary education by community ownership of the school system. It is a response to the demand for quality basic education all over the country. The SSA is to provide useful and relevant elementary education for all children in the 6 to 14 years age group. Implementation of SSA Programme including National Programme for Education of Girls at Elementary Level, Mid-day-Meal Scheme and Kasturba Gandhi Balika Vidhyalaya Scheme, hereinafter referred to as Schemes, for two years from 1st April 2012 to 30th September 2012. There is also another goal to bridge social, regional and gender gaps, with the active participation of the community in the management of schools.

IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

The increase in enrollment in school due to MDM was found in 06 (28.57%) PS & 07 (41.17%) UPS.

The increase in Attendance in school due to MDM was found in 05 (23.80%) PS & 07(41.17%) UPS.

The increase in Health of students in school due to MDM was found in 06 (28.57%) PS & 08 (47.09%) UPS.

In the remaining Schools according to teacher MDM did not help in above parameters and it is wastage of teaching time and affects the quality of education.

IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

The increase in enrollment in school due to MDM was found in 05 (23.80%) PS & 02 (12.5%) UPS.

The increase in Attendance in school due to MDM was found in 11 (52.38%) PS & 05 (31.25%) UPS.

The increase in Health of students in school due to MDM was found in 07 (33.33%) PS & 04 (25%) UPS.

In the remaining Schools according to teacher MDM did not help in above parameters and it is wastage of teaching time and affects the quality of education.

19.

IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

The increase in enrollment in school due to MDM was found in 12(48%) PS & 07(50%) UPS.

The increase in Attendance in school due to MDM was found in 12(48%) PS & 07(50%) UPS.

The increase in Health of students in school due to MDM was found in 12(48%) PS & 07(50%) UPS.

In the remaining Schools according to teacher MDM did not help in above parameters and it is wastage of teaching time and affects the quality of education.

19.

IMPACT

Has the mid day meal improved the enrollment, attendance of children in school, any improvement in general well being, nutritional status of the children (to be verified from school record, discussion with students, teachers and parents. Is there any other incidental benefit to the children and school due to serving of mid-day-meal by VEC, PRI members?

The increase in enrolment in school due to MDM was found in 11(44%) PS & 9(35.71%) UPS.

The increase in Attendance in school due to MDM was found in 12(48%) PS & 09(64.28%) UPS.

The increase in Health of students in school due to MDM was found in 12(48%) PS & 09(64.28%) UPS.

In the remaining Schools according to teacher MDM did not help in above parameters and it is wastage of teaching time and affects the quality of education.
