Foreword

Regional Institute of Education, Mysore is a Monitoring Institute in charge of monitoring of 15 districts of Karnataka feels privileged to be one of the Monitoring Institutions across the country for broad based monitoring of MDM and RTE activities.

This is the 2nd half yearly report for the year 2014-15, and is based on the data collected from four districts of Gulbarga, Vijayapura and Yadagiri.

I hope the findings of the report would be helpful to both the Govt. of India and the State Government of Karnataka to understand the grassroots level problems as well as achievement and functioning of MDM-RTE in the State and to plan further necessary interventions.

In this context I congratulate Prof. C. G. Venkatesha Murthy, Nodal Officer, Monitoring MDM-RTE and his team members who have rendered good service by taking pains to visit the schools located in the most inaccessible areas and preparing the report in time. I am extremely thankful to the authorities of the State office and the district offices for their cooperation during the time of data collection.

On the issue of whether **foodgrains are delivered to school in time** by the lifting agency, it was found that there are no problems in any school. On the issue of whether the **foodgrains is of FAQ of grade A quality**, it was found that such a label was not present on any of the gunny bags. Further, it was shocking to know that the foodgrains are released to schools without making adjustment of the unspent balance of the

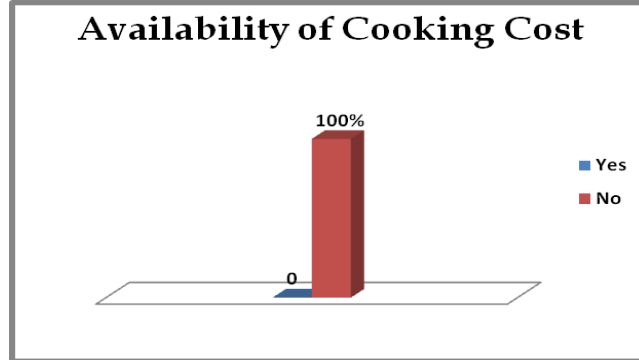

previous month in any of the schools. This is something which is not acceptable. The district must work towards addressing this issue seriously.

10.2 Timely release of Funds:

On the issue of the timely release of funds, it is a matter of great satisfaction that all the schools receive funds regularly.

10.3 Availability of cooking cost:

It is disturbing to note that the school has not received the **cooking cost** in advance in any of the schools. Further schools have indicated that the period of delay ranges from 2 to 3 months, which is further disturbing. During the period of nonavailability of the cooking cost it is being managed by the Headmasters and the head cook. It is found that in all the schools the mode of payment of cooking cost is through electronic transfer.

10.4 Availability of Cook-Cum-Helpers:

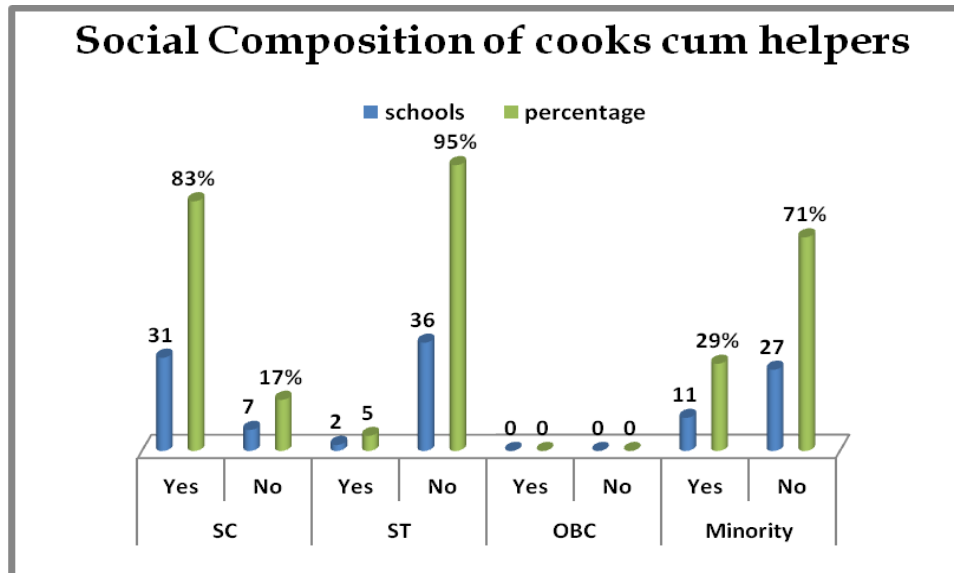

On the issue of who engage **Cook cum helpers** at schools, it was found that in 19 schools they were appointed by SDMCs, in 17 schools by the PRI, in one school by the education department and in one school by the VEC. It means in large number of schools, it is the SDMC who engages cook cum helpers in schools. Further, it is shocking to know that the cooks cum helpers engaged in schools are appointed as per norms in only 26 schools but not in the remaining 12 schools. It means in about 32% of the

schools, engaging cooks is not done following the norms. These 12 schools include the following.

- | | |
|--------------------------|----------------------------------|
| 1. GMHPS Matki | 8. GMHPS Mashaal |
| 2. GHPS Bilawara | 9. GMPS Srinivasa Saradagi |

| 5. GHPS Karajagi | 12. GHPS Tarfile Station Bazaara |
| 6. GHPS Ghattaraga | |
| 7. GHPS Mannur | |

The **honorarium** paid to cooks cum helpers is Rupees 1600 to Head cooks and Rs. 1500 to helpers. The mode of payment to cooks cum helpers is through cheques in 7 schools and through electronic transfer in 31 schools. The remuneration is not paid to cooks come helpers regularly in any of the schools. This is very disturbing.

On the issue of the **social composition of cooks cum helpers**, it was found that in total there were SC cooks in 31 schools, ST cooks in 7 schools and minority cooks in 11 schools. The picture indicates that there is less number of cooks belonging to Scheduled Tribes community in schools.

On the issue of the **training modules** and its availability for cooks cum helpers, it was found to exist in only 4 schools but not in the remaining 34 schools. It means in around 90% of the schools the training modules are not available. The situation has to improve in the district. The list of the schools includes the following.

On the issue of whether **training** has been provided to cooks cum helpers, the picture indicates that the training has been given in 25 schools but not in 13 schools from among the teachers of the sampled schools of the monitoring institution. It means in around one third of the schools the cooks cum helpers have not received any training. The situation is not happy either. The list of 13 schools includes the following.

- | | |
|--------------------------|--------------------------------------|
| 1. GLPS Nimbarga Thanda | 8. GHPS Ghattaraga |
| 2. GLPS Harijanvada | 9. GMHPS Mashaal |

| 5. GLPS Siddanur | 12. GMHPS(Kuvempu) Nandur |
| 6. GLPS Madhabala Thanda | 13. GMPS M B Nagara |
| 7. GHPS Karajagi | |

On the issue of the **health checkup for cooks cum helpers**, it was found that in only 13 schools it has been done but not in the remaining 25 schools. It means in about 66% of the schools health checkup has not been done to the cooks and their helpers. The list of the schools includes the following.

- | | |
|-----------------------------|----------------------------|
| 1. GLPS S F Thanda | 14. GHPS Jenivara |
| 2. GMHPS Matki | 15. GLPS Chigaralli Camp |

| 12. GLPS Siddanur | 25. GLPS Siddeswara Colony |
| 13. GLPS Madhabala Thanda | |

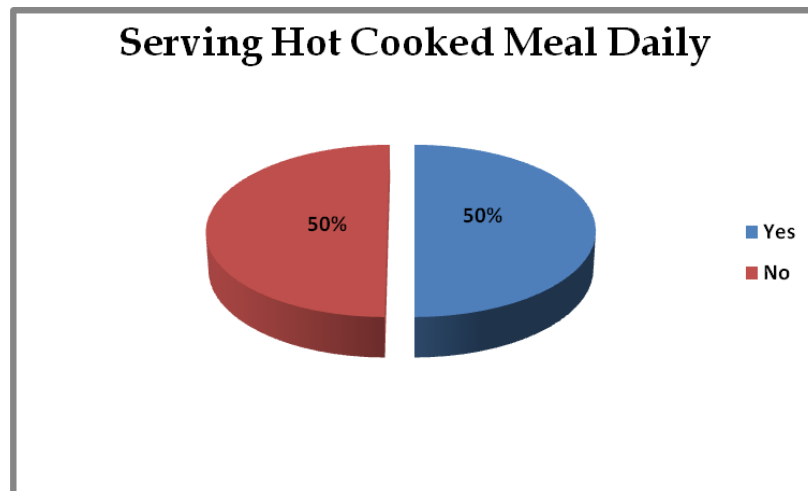

On the whole, on the issue of availability of Cook cum helpers, the district needs to do a lot of things to make it is more functional. Without preparing the cooks and their helpers equipped and happy, it may not be possible for any school to succeed in making

this wonderful programme a success. There is enough that the district needs to do in this direction.

10.5 Regularity in serving the Meal:

On the issue of the regularity in serving the meal, it was found that only in 19 schools it is served every day and in the remaining 19 schools there are interruptions. The schools where there are interruptions include the following.

- | | |
|-------------------------------------|-------------------------------|
| 1. GMHPS Mashaal | 11. GHPS Shahabazaara |
| 2. GHPS Bramhapura | 12. GHPS Ankalaga (GLB North) |
| 3. GHPS Zaffarabad | 13. GLPS S F Thanda |
| 4. GMPS Srinivasa Saradagi | 14. MHPS Madana Hipparga |

| 8. GHPS Sundara Nagara | 18. GHPS Mannur |
| 9. GHPS Tarfile Station Bazaara | 19. GLPS Bennur |
| 10. GLPS Siddeswara Colony | |

The reasons cited by the schools for interruption in the serving of hot cooked meal daily to children, include insufficient supply of gas and insufficient stock of foodgrains.

10.6 Quality & Quantity of Meal:

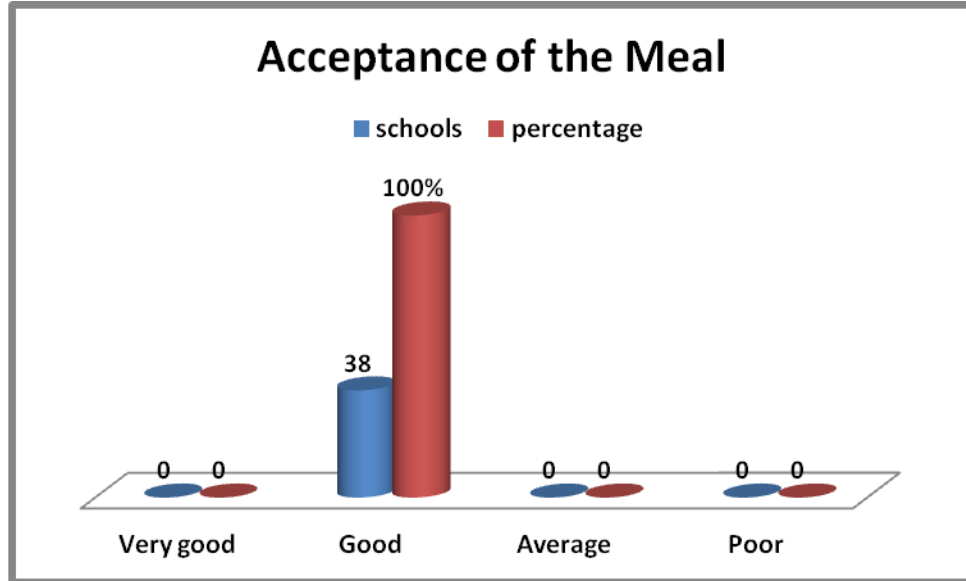

On the issue of **quality and quantity of meals** served to children, the feedback indicates that the food served in terms of the quality of the meal is good in 20 schools and it is average in the remaining 18 schools. However none of the school reported that it is bad. On the issue of the quantity of the meal, in 37 schools, children have indicated that they are satisfied by the quantity while in one school children are not satisfied. This school is GLPS Nimbarga Thanda. The district needs to interveine now.

On the issue of the **quantity of pulses used** in the meal per child, it is found to be sufficient in all the schools. With regard to the **quantity of green leafy vegetables** used in the meal per child, it is found to be sufficient in 32 schools but not in the remaining 6 schools. These 6 schools include the following.

1. GLPS Kusanur LT (Ittangi Bhatti)
2. GLPS Ghajipura
3. GMHPS Farahatabad
4. GLPS Minajagi Thanda
5. GMHPS(Kuvempu) Nandur
6. GMPS M B Nagara

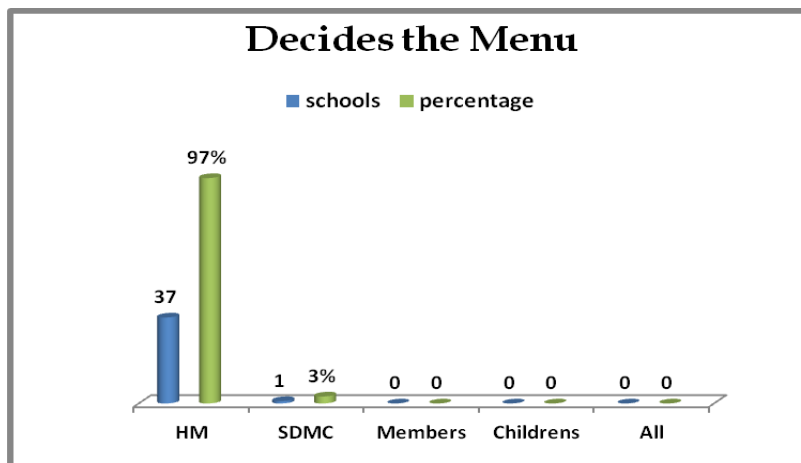

It is a matter of satisfaction to note that **double fortified salt** is used in all the 38 schools. All the schools have accepted the meal as good.

The method or the standard gadgets used for **measuring the quantity of food** to be cooked and served includes weighing scales and serving spoons.

10.7 Variety in Menu:

On the issue of **variety of menu**, it is decided by the headmaster in 37 schools and by SDMC one school. It means predominantly it is the headmaster who decides the menu.

On the issue of whether **weekly menu is displayed at the prominent place** noticeable to community, it is disappointing to note that in only three schools it is

displayed while in the remaining 35 schools it is not displayed. It means in about 92% of the schools the weekly menu is not displayed at prominent places. These 35 schools include the following. The district must take suitable action in motivating all the schools to display the weekly menu at prominent place noticeable by the community.

- | | |
|-----------------------------|--------------------------------------|

| 12. GLPS Siddanur | 30. GHPS Tarfile Station Bazaara |
| 13. GLPS Madhabala Thanda | 31. GLPS Siddeswara Colony |
| 14. GHPS Jenivara | 32. GHPS Shahabazaara |
| 15. GLPS Chigaralli Camp | 33. GLPS Minajagi Thanda |
| 16. GHPS Yadrami | 34. GMHPS(Kuvempu) Nandur |
| 17. GHPS Karajagi | 35. GHPS Mahagaon Cross |
| 18. GHPS Ghattaraga | |

On the issue of the **menu being followed uniformly** in all the schools, it was found that to be true in 25 schools but not in the remaining 13 schools. The list of these 13 schools includes the following.

- | | |
|-------------------------|----------------------------------|
| 1. GLPS Nimbarga Thanda | 8. GHPS Aallagi B Kani |
| 2. GLPS No.1 Thanda | 9. GHPS Sundara Nagara |
| 3. GHPS Yadrami | 10. GHPS Tarfile Station Bazaara |
| 4. GHPS Karajagi | 11. GLPS Siddeswara Colony |
| 5. GMHPS Mashaal | 12. GHPS Shahabazaara |
| 6. GHPS Bramhapura | 13. GLPS Minajagi Thanda |
| 7. GLPS Saradagi | |

On the issue of whether the **menu** includes **locally available ingredients**, it was found to be true in 37 schools but not in one school. This school is GLPS Minajagi Thanda. It is desirable that the schools must make it a point to use locally available ingredients as a part of the menu which makes the whole mid-day meal programme locally relevant to children.

As regards whether **menu** provides required **nutritional and calorific value per child**, it was found that it does in 35 schools and it does not in the remaining three schools. These three schools include the following.

1. GMHPS Farahatabad
2. GLPS Minajagi Thanda
3. GMHPS(Kuvempu) Nandur

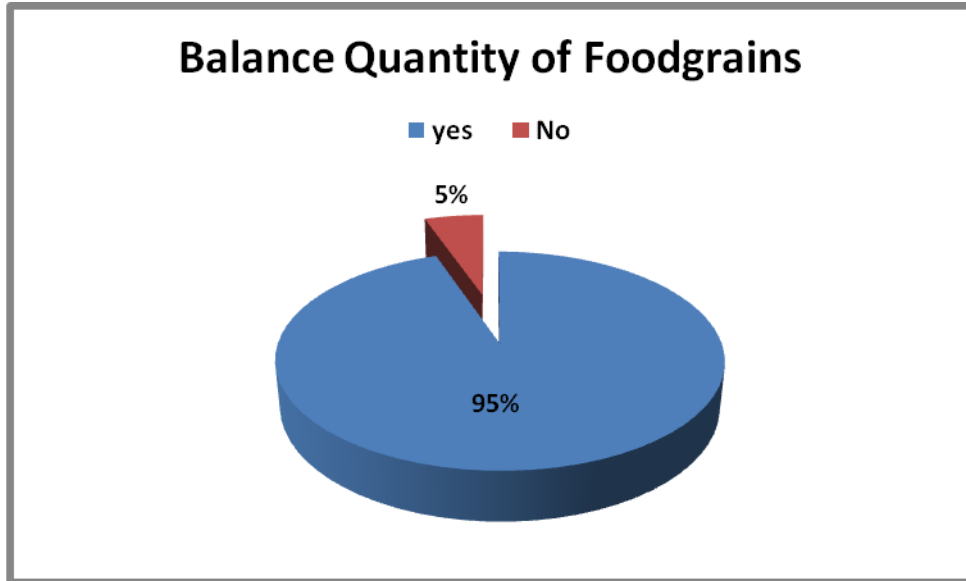

The district must ensure that there is no compromise on the nutritional and caloric value per child in any school. On the whole, the district needs to look into different issues related to the variety of menu in the implementation of the mid-day meal programme and in enhancing the quality of the mid day meal programme from all angles.

10.8 Display of information under RTE act 2009:

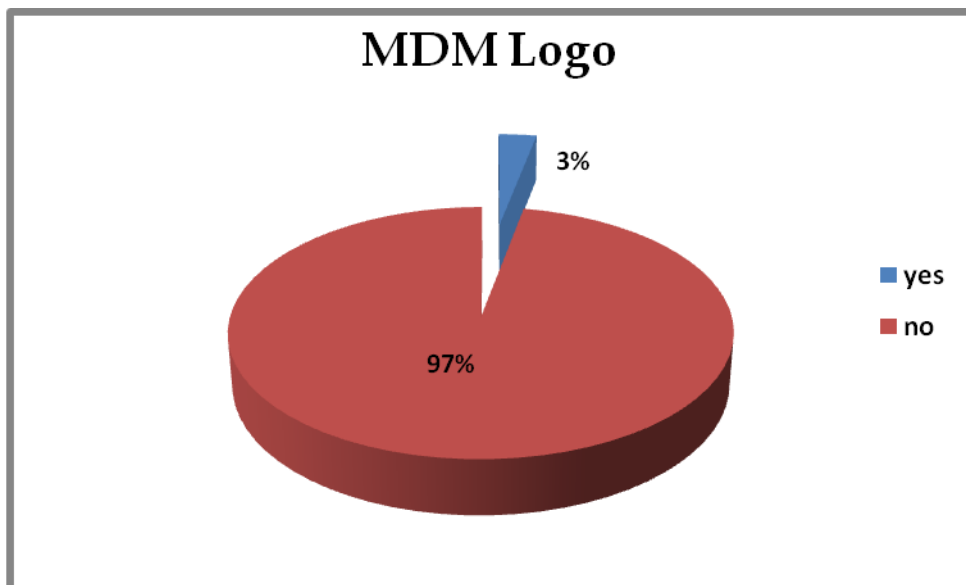

On the issue of display of information of the **balance quantity of foodgrains** utilised during the month, it was found that 36 schools displayed them while 2 schools did not. These two schools are as follows.

1. GHPS Tarfile Station Bazaara
2. GHPS Ankalaga (GLB North)

The district must ensure that all schools display all the needed information on the board which is convenient to the public to view. With regard to the display of other ingredients purchased and utilized, all schools found to be displaying them. While, it is

a matter of concern that none of the school write the **daily menu** at prominent place. It was also equally shocking to note that except one school, none of the sampled schools has **displayed the logo prominently** outside the wall of the school. It only goes to say that schools are not particular about displaying any information under RTE, act 2009 in the district.

10.9 Trends-Extent of variations as per school records vis-à-vis actual status:

As a part of the fieldwork, it was found that in there were 12653 children enrolled from all the 40 schools. While the number of children present on the day of the visit was 7849. Head counting also matched as 7849 and as per the MDM register also it was 7849. It means there is no variation in terms of the records maintained by schools.

10.10 Social Equity:

On the issue of social Equity, the following picture emerged in the district based on the sampled schools. On the issue of the system that is being maintained for serving meal to the children, it was found that out of 38 schools, in 8 schools children will stand in line to collect their food, while in the remaining 30 schools children are made to sit on the floor and served food by the kitchen personnel. It is desirable that all schools follow a method of serving children by making them sit on the floor and enable them to have food together instead of making them stand in line and collect the food and eat it wherever they want. Everything that happens in a school, happens by design. There are values which are inculcated among children through every planned act. Midday meal has plenty of opportunities to inculcate desirable values among children. Therefore, it cannot happen by default but it has to happen by design. Children learn a lot values by way of eating food as a group together. They learn to wait for their turn, learn to enjoy eating together, and the joy of being together gets bolstered. In some schools children also maintain certain other disciplines as a group, before and after the food. These are the values that children will easily inculcate effortlessly and will help them to learn to live together better. The whole activity is a joyful activity. Therefore it is desirable that they need to be made to sit together and get served. There is lot of advantages in this mechanism.

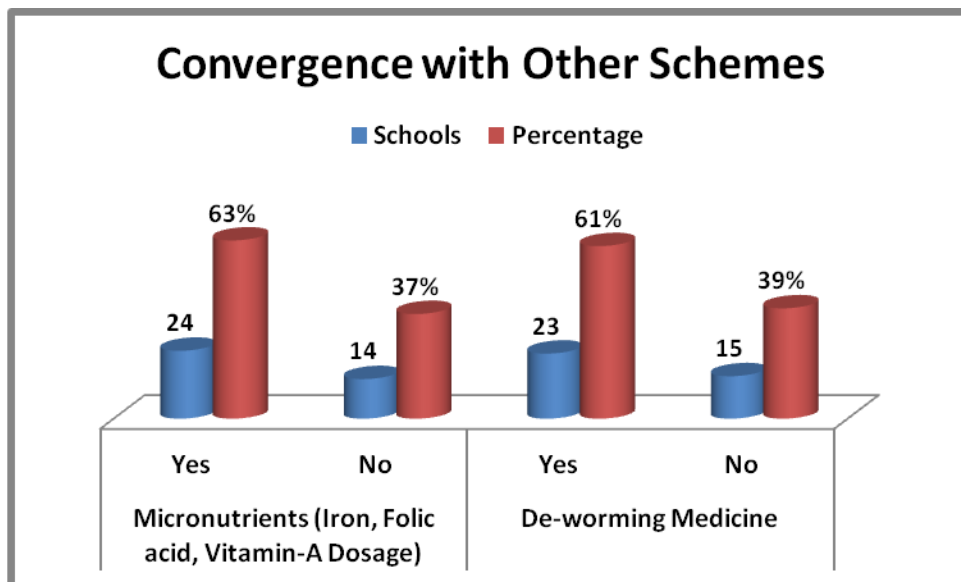

It's a matter of great happiness to see in this district that there is **no discrimination** of either caste or gender or community; either in cooking, or serving or in seating arrangements. Thus the district is comfortable on this issue.

10.11 Convergences with other schemes:

On the issue of school health cards maintained by schools for each child, it was found that it is maintained in 32 schools but not in six schools. This is a matter of concern. All schools are expected to maintain school health cards for every child. The list of the six schools which do not maintain them are as follows.

- | | |
|--------------------------|------------------------|
| 1. GLPS S F Thanda | 5. GHPS Sundara Nagara |
| 2. GMHPS Matki | 6. GMPS M B Nagara |
| 3. GLPS Siddanur | |
| 4. GLPS Madhabala Thanda | |

With regard to the supply of **micronutrients and deworming medicines**, it was found that the micronutrients are given to children in 24 schools but not in the remaining 14 schools. It is shocking that 37 per cent of the schools do not give micronutrients. The list of these 14 schools among the sampled schools which are not supplying micronutrients are as follows.

1. GLPS S F Thanda
2. GMHPS Matki
3. GLPS Nimbarga Thanda
4. GLPS No.1 Thanda
5. GHPS Ankalaga (Jewargi)
6. GLPS Siddanur
7. GHPS Karajagi
8. GMHPS Mashaal
9. GHPS Bramhapura
10. GLPS Saradagi
11. GHPS Aallagi B Kani
12. GHPS Tarfile Station Bazaara
13. GHPS Ankalaga (GLB North)
14. GMHPS(Kuvempu) Nandur

The district must immediately handle this issue seriously, in visiting not only these 14 schools but also in trying to identify all the schools in the district where micronutrients and deworming medicines are not being given to children. This is to be taken up seriously and urgently, as children cannot be ignored on this issue. On the issue of the **deworming medicines**, it was found that 23 schools have been giving these medicines but not the remaining 15 schools. It means about 39 per cent of the schools are not giving deworming medicines in the district. It is a matter of serious concern. 15 schools which are not giving deworming medicines to children include the following.

1. GLPS S F Thanda
2. GMHPS Matki
3. GLPS Nimbarga Thanda
4. GLPS No.1 Thanda
5. GHPS Ankalaga (Jewargi)
6. GLPS Siddanur
7. GHPS Karajagi
8. GMHPS Mashaal
9. GHPS Bramhapura
10. GLPS Saradagi
11. GHPS Aallagi B Kani
12. GHPS Tarfile Station Bazaara
13. GHPS Ankalaga (GLB North)
14. GMHPS(Kuvempu) Nandur
15. GHPS Ghattaraga

The district needs to understand the reasons why that are not being given to children and then ensure that children are not denied the deworming medicines. On the issue of who administers these medicines, it was found that it is the headmaster or the class teachers who administer them. It was also found that the micronutrients are given weekly thrice and the deworming medicine is given twice in a year.

On the issue of whether **height and weight records** of the children are being included in the school health card, it was found that in only 11 schools they are included, while in the remaining 27 schools they are not included at all. It is a matter of serious concern. It means, 71% of the schools do not record the height and weight of children in the school health card! The list of these 27 schools is as follows.

1. GLPS Mandeval Thanda
2. GHPS Bilawara
3. GLPS Nimbarga Thanda
4. GLPS Harijanvada
5. GLPS No.1 Thanda
6. GHPS Ankalaga (Jewargi)

24. GHPS Ankalaga (GLB North)
25. GLPS Minajagi Thanda
26. GMHPS(Kuvempu) Nandur
27. GMPS M B Nagara

On the issue of whether there were **any referrals** during the period of monitoring, the field data indicates that there were referrals in two schools. These two schools include the following.

1. GHPS Bilawara
2. GLPS Ghajipura

However, there were **no medical emergency** during the above period. On the issue of the availability of the **first aid medical kit** in the schools, it was found that they were available in five schools but not in the remaining 33 schools. It means 87% of the schools do not have medical kits in schools! It is very strange. One is at a loss to understand how the district is not concerned about some of these issues which are of immense interest and importance. The list of these 33 schools is as follows.

1. GLPS S F Thanda
2. GMHPS Matki
3. MHPS Madana Hipparga
4. GLPS Mandeval Thanda
5. GHPS Bilawara
6. GLPS Nimbarga Thanda

31. GMHPS(Kuvempu) Nandur
32. GMPS M B Nagara
33. GHPS Mahagaon Cross

On the issue of **inclusion of the dental and Eye check up** as a part of medical screening, it was found that 22 schools have indicated inclusion but not the remaining 16 schools. One is at a loss to understand as to how some schools get excluded. The list of the 16 schools which have not included dental and Eye check up is as follows.

1. GLPS S F Thanda
2. GMHPS Matki
3. GLPS Nimbarga Thanda
4. GHPS Ankalaga (Jewargi)
5. GLPS Siddanur
6. GLPS Madhabala Thanda
7. GLPS Chigaralli Camp
8. GHPS Karajagi
9. GHPS Ghattaraga
10. GHPS Mannur
11. GMHPS Mashaal
12. GHPS Bramhapura

10.12 Infrastructure:

On the issue of infrastructure, the monitoring institution has the following to say.

10.12.1 Kitchen-cum-store:

From among the 38 schools visited by the monitoring institution apart from two KGBVs, it was found that in 32 schools, there is Kitchen cum store constructed and is in use. While in the remaining 6 schools they are not constructed. The list of these six schools is as follows.

1. GLPS Chigaralli Camp
2. GHPS Bramhapura
3. GMPS Srinivasa Saradagi
4. GLPS Saradagi
5. GHPS Aallagi B Kani
6. GLPS Siddeswara Colony

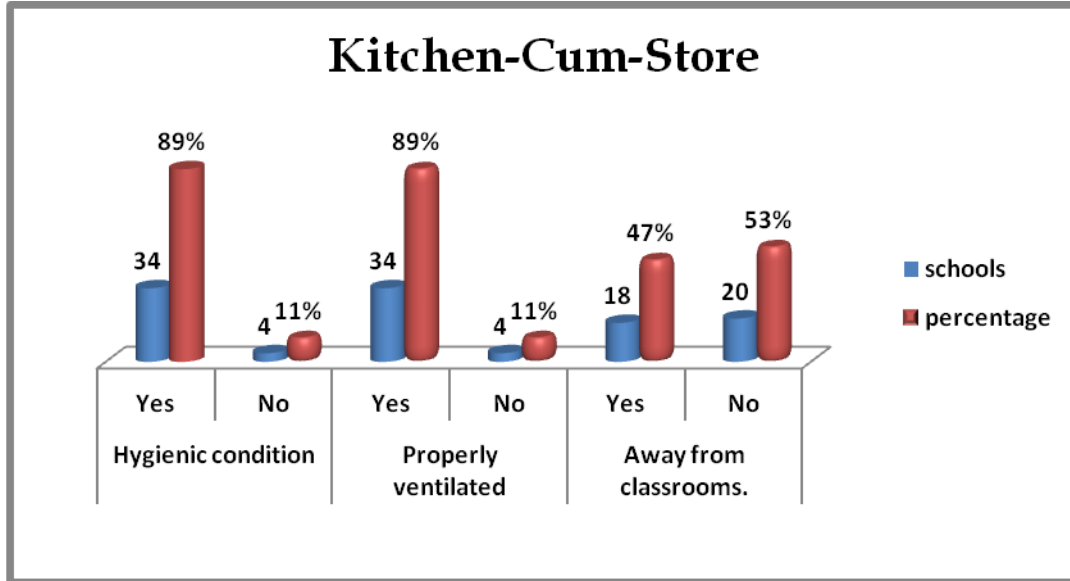

Among the 32 kitchens constructed, 4 are constructed out of MDM funds, 6 out of SSA funds and 22 under others. Further, it was also found that there were two kitchens sanctioned but construction has not started. These two schools include the following.

1. GMPS Srinivasa Saradagi
2. GLPS Siddeswara Colony

In the remaining 4 schools they are not sanctioned at all. In those 6 schools where kitchen cum store is not available, the food is being prepared on the school corridor or in the additional classrooms. The foodgrains and other ingredients are stored either in the headmaster's rooms or in the additional classrooms. On the issue of the condition of the cooking area cum store, it was found that they are in hygienic condition in 34 schools, while they had not been hygienic condition in 4 schools.

These four schools include the following.

1. GLPS Harijanvada
2. GLPS No.1 Thanda
3. GHPS Ankalaga (Jewargi)
4. GHPS Sundara Nagara

With regard to the **ventilation of the cooking area cum store** area also it was found that they were properly ventilated in 34 schools but not in the remaining 4 schools. This is the same for schools which were not in hygienic condition also.

On the issue of the **number of schools where kitchens are away from classrooms**, it was found that there are away from classrooms in 18 schools but not in the remaining 20 schools. The list of these 20 schools is as follows.

1. GLPS Mandeval Thanda
2. GHPS Mandewala
3. GLPS Nimbarga Thanda
4. GLPS Siddanur
5. GLPS Madhabala Thanda
6. GLPS Chigaralli Camp
7. GLPS Bennur
8. GMHPS Mashaal

14. GHPS Sundara Nagara
15. GLPS Ghajipura
16. GLPS Siddeswara Colony
17. GHPS Shahabazaara
18. GLPS Minajagi Thanda
19. GMHPS(Kuvempu) Nandur
20. GHPS Mahagaon Cross

On the issue of whether the midday meal is being cooked using the **LPG gas cylinders**, it was found that they are being used in 37 schools but not in one school. And this school is using firewood. This school happens to be GLPS Harijanavada. The district needs to look into the problems of the school and enable this school along with any other school in the district, which is using firewood to shift to the LPG gas cylinders.

On the issue of whether there was **any interruption** due to non-availability of fuel to cook the meal in any of the schools; it was found that in 7 schools there was interruption of midday meal programme. The list of these 7 schools includes the following.

1. GLPS Madhabala Thanda
2. GMHPS Mashaal
3. GHPS Bramhapura
4. GMPS Srinivasa Saradagi
5. GHPS Aallagi B Kani
6. GHPS Sundara Nagara
7. GLPS Siddeswara Colony

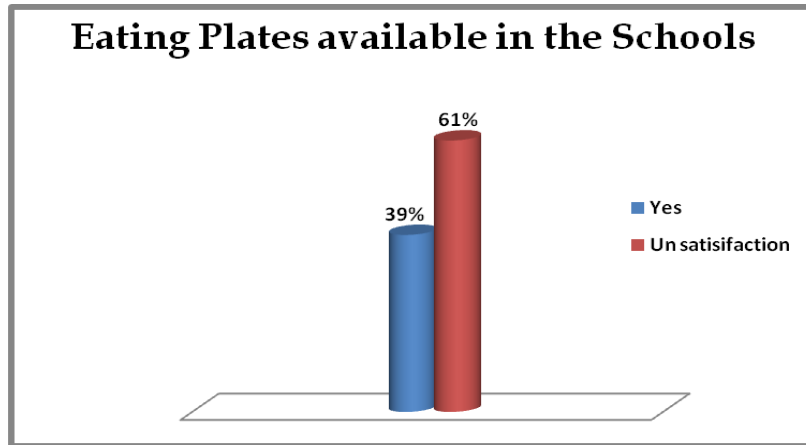

This is a serious issue. The district needs to seriously look into the problems associated with these schools and see to it that such things do not repeat.

10.12.2 Kitchen Device :

On the issue of **kitchen devices**, the data indicates that their cooking utensils were adequately available in 29 schools, but not in the remaining 9 schools. The list of these 9 schools include the following.

1. GMHPS Matki
2. GHPS Bilawara
3. GLPS Nimbarga Thanda
4. GLPS Siddanur
5. GHPS Jenivara
6. GHPS Yadrami
7. GHPS Karajagi
8. GLPS Kusanur LT (Ittangi Bhatti)
9. GMHPS Farahatabad

With regard to the **sources of funding for cooking and serving utensils**, it was found that in 37 schools they were purchased out of kitchen devices fund, while in one school they were purchased out of community contribution. On the issue of eating plates and their availability, it was found that they were available in 15 schools satisfactorily and they were not satisfactory in 23 schools. The list of these schools is as follows.

| 11. GLPS Siddanur | 23. GHPS Aallagi B Kani |
| 12. GLPS Madhabala Thanda | |

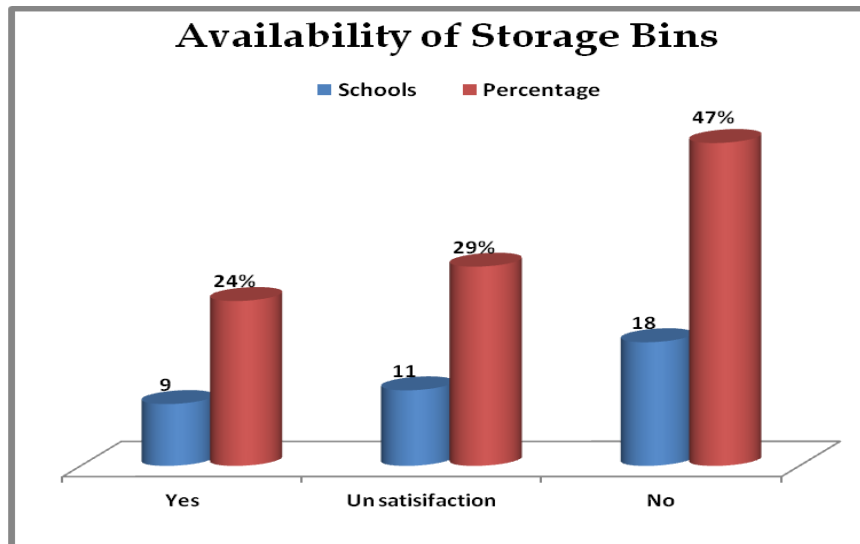

On the issue of **source of funding of these eating plates**, it was found that in 11 schools they were purchased out of MME funds, while in the remaining 20 schools they were purchased out of community contribution, and in the remaining 7 schools they were donated by teachers and head teachers.

10.12.3 Availability of Storage Bins:

On the issue of the availability of storage bins, it was found that is they were available satisfactorily in 9 schools, while they were available but not satisfactorily in 11 schools and they were not available in the remaining 18 schools. The list of these schools is as follows.

- | | |
|----------------------------|---------------------------|
| 1. MHPS Madana Hipparga | 11. GHPS Karajagi |
| 2. GLPS Mandeval Thanda | 12. GLPS Bennur |

| 8. GLPS Siddanur | 18. GMHPS(Kuvempu) Nandur |
| 9. GLPS Chigaralli Camp | |
| 10. GHPS Yadrami | |

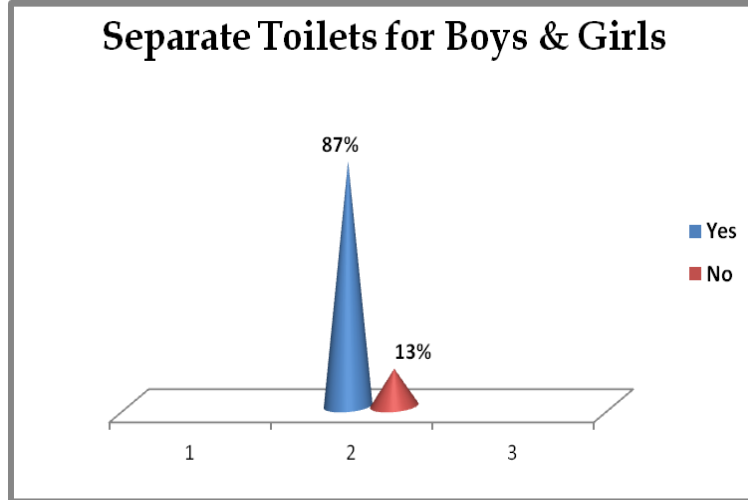

It was also found that the storage bins were purchased from the kitchen devices fund, MME funds, and also from the contribution of the teachers and the head cooks.

10.12.4

Toilets in School:

On the issue of **separate toilets for boys and girls** in the school, it was found that they existed in 33 schools but not in the remaining 5 schools.

The list of these five schools is as follows.

1. GLPS Nimbarga Thanda
2. GLPS Siddanur
3. GHPS Sundara Nagara
4. GHPS Shahabazaara
5. GLPS Minajagi Thanda

On the issue the **condition of the usability of the toilets** available in schools, it was found that in 18 schools they were usable but in 20 schools they were not in usable condition. The list of these 20 schools is as follows.

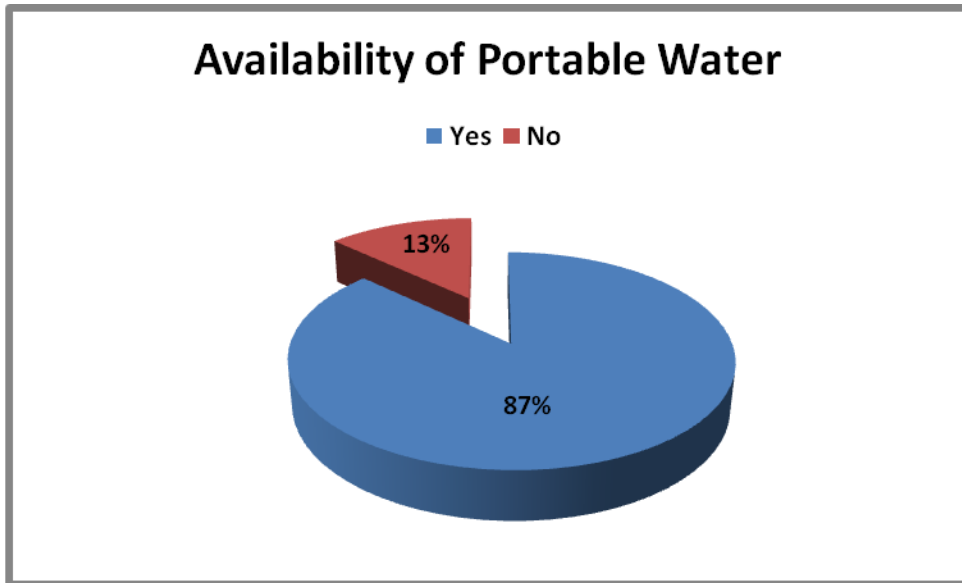

- | | |
|-----------------------------|---------------------------|
| 1. GLPS S F Thanda | 12. GLPS Chigaralli Camp |
| 2. GMHPS Matki | 13. GHPS Yadrami |

| 9. GLPS No.1 Thanda | 20. GMHPS(Kuvempu) Nandur |
| 10. GHPS Ankalaga (Jewargi) | |
| 11. GLPS Madhabala Thanda | |

10.12.5 Availability of Potable Water:

As regards the availability of the potable water, it was found that they were available in 33 schools but not in the remaining 5 schools. The list of these five schools is as follows.

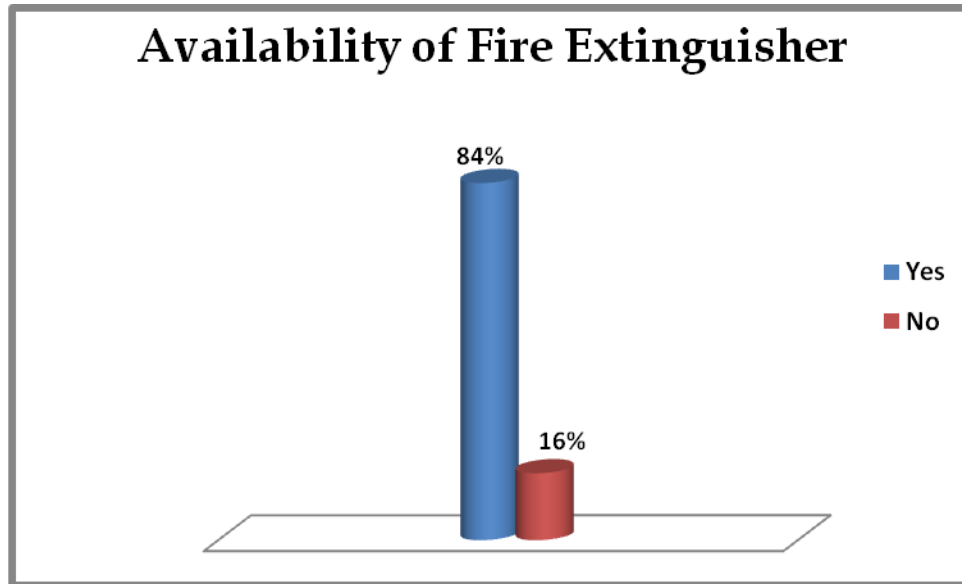

1. GLPS S F Thanda
2. GLPS Mandeval Thanda
3. GLPS No.1 Thanda
4. GLPS Siddanur
5. GLPS Bennur

In these five schools they managed to get water from the local sources.

10.12.6 Availability of Fire Extinguisher:

On the issue of the availability of the fire extinguishers, it was found that they were available in 32 schools but not in the remaining 6 schools. It is a matter of concern that the district must work towards making it available in all the schools. The list of these 6 schools is as follows.

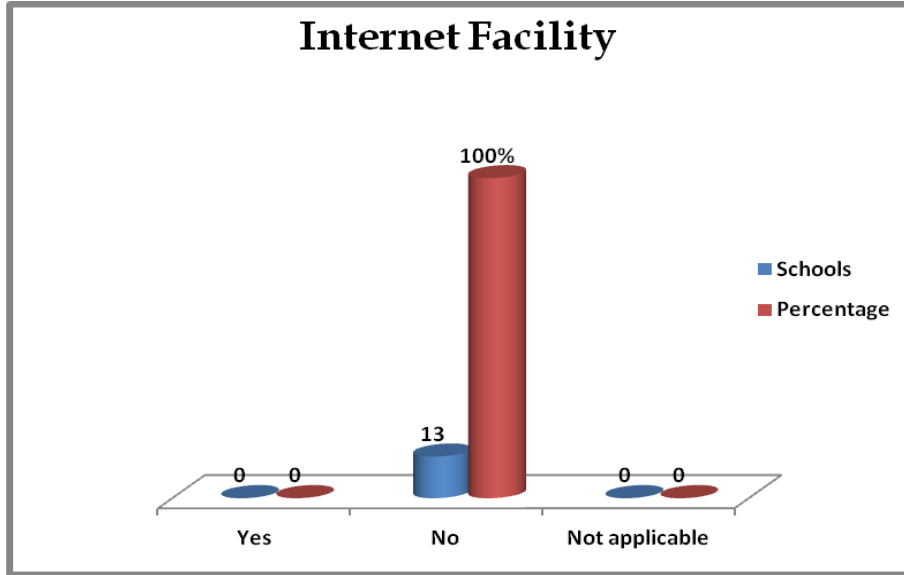

1. GLPS S F Thanda
2. GMHPS Matki
3. MHPS Madana Hipparga
4. GLPS Mandeval Thanda
5. GLPS No.1 Thanda
6. GHPS Shahabazaara

Efforts must be made immediately by the district to ensure that the fire extinguishers are available not only in the above list of schools but also in the any other school in the district where they do not exist.

10.12.7 IT Infrastructure available at school level:

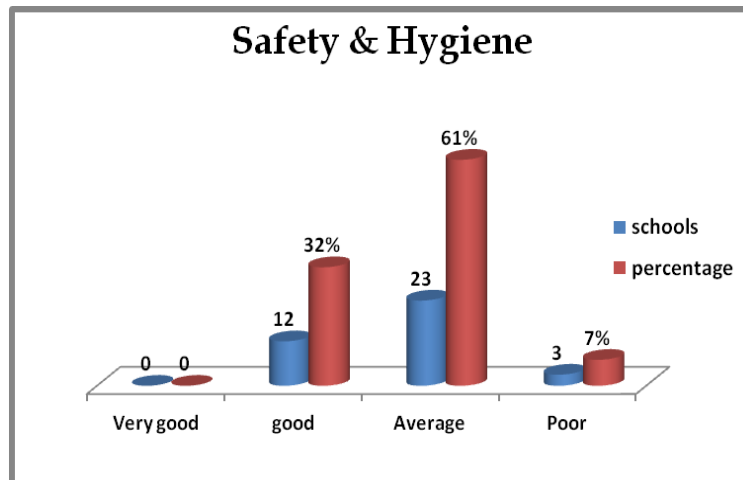

It was found that from among the sampled schools the total number of computers available was 65, from 13 schools. None of the school had the Internet connectivity. Therefore the question of using IT or IT enabled services does not arise in the district.

10.13 Safety and Hygiene:

On the issue of safety and hygiene, it was found that in 12 schools they were good, in 23 schools they were average and in 3 schools they were poor. The list of the three schools is as follows.

1. GLPS Nimbarga Thanda
2. GLPS No.1 Thanda
3. GHPS Ankalaga (Jewargi)

It was also noticed that in 31 schools children are encouraged to **wash their hands before and after eating**, but not in the remaining seven schools. The list of the seven schools is as follows.

- | | |
|-------------------------|------------------------|
| 1. GHPS Mandewala | 5. GMHPS Mashaal |
| 2. GLPS Nimbarga Thanda | 6. GLPS Saradagi |
| 3. GHPS Yadrami | 7. GHPS Aallagi B Kani |
| 4. GHPS Karajagi | |

It is desirable and necessary that children should be encouraged to wash hand before and after the meal in all the schools. On the issue of **whether children take meals in an orderly manner**, the data indicates that children in 29 schools take meals in an orderly manner but not in the remaining 9 schools. The list of these 9 schools is as follows.

- | | |
|----------------------------|------------------------|
| 1. GHPS Mandewala | 6. GMHPS Mashaal |
| 2. GLPS Nimbarga Thanda | 7. GHPS Zaffarabad |
| 3. GHPS Ankalaga (Jewargi) | 8. GHPS Aallagi B Kani |
| 4. GHPS Yadrami | 9. GMPS M B Nagara |
| 5. GHPS Karajagi | |

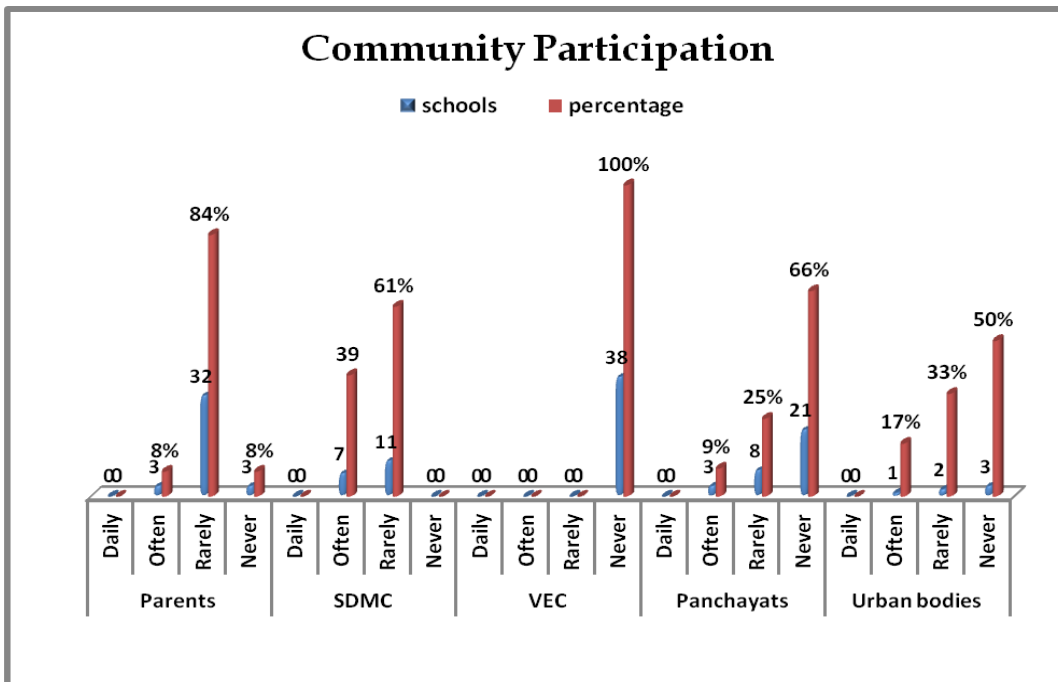

On the issue of **conservation of water**, it was found that in 26 schools, children do conserve water but not in the remaining 12 schools. It is important that children in all schools are encouraged and trained to conserve water. The list of 12 schools which do not conserve water is as follows.

- | | |
|----------------------------|------------------------------|
| 1. GMHPS Matki | 8. GHPS Zaffarabad |
| 2. GHPS Mandewala | 9. GLPS Saradagi |
| 3. GHPS Ankalaga (Jewargi) | 10. GHPS Aallagi B Kani |
| 4. GHPS Yadrami | 11. GHPS Shahabazaara |
| 5. GHPS Karajagi | 12. HPS Ankalaga (GLB North) |
| 6. GHPS Ghattaraga | |
| 7. GMHPS Mashaal | |

It is a matter of satisfaction that the **cooking process and the storage of fuel** is safe in all the schools visited by the monitoring institution.

10.14 Community Participation:

As regards the extent of participation in supervision monitoring and participation by different stakeholders in the system, it was found that in 32 schools **parents** participate rarely, followed by often in 3 schools and never in 3 schools. While, in 11 schools **SDMC** members participate rarely, followed by often in 7 schools. There are no SDMCs formed in the remaining 20 schools. The VEC does not take part at all. While, in 10 schools, **panchayats/urban bodies** rarely take part followed by often in 4 schools and never in 24 schools.

On the issue of **roster of community members** being maintained for supervision of MDM activities, it is surprising to note that none of the schools has any roster. The same is true of any social audit mechanism in the schools. During the monitoring period

the schools had their SDMC meetings up to six times and in almost every alternate meeting the MDM issues are discussed in the SDMC meetings.

10.15 Inspection & Supervision:

It is a matter of great shock to know that none of the schools in the district had maintained any **inspection register** at the school level. While, all the schools have **received funds** under MME component. On the issue of whether they midday meal programme has been **inspected by officers** at different state and sub-state levels, it was found that none had inspected at the state level, only two schools reported that they were inspected by the district level officers and 25 schools reported that they were inspected by the block level officers.

36 Schools not inspected by District level officers:

10. GLPS Kusanur LT (Ittangi Bhatti)
11. GLPS Saradagi
12. GHPS Sundara Nagara
13. GLPS Minajagi Thanda

It was found from the schools that the frequency of such inspections ranged from 1 to 8 times.

10.16 Impact:

The impressionistic assessment indicates that the MDM program has improved the enrolment, attendance, general well-being and nutritional status of all children in all schools. Further, it has also improved the social harmony among children and it has been helpful in improving the nutritional status of children in all the schools.

10.17 Grievance Redressal Mechanism:

It is a matter of dissatisfaction to note that none of the school has any grievance redressal mechanism and none of the schools have any toll free number.

On the whole, and the midday meal programme implementation in the Gulbarga district indicates that the programme is not going on satisfactorily in majority of the schools for various reasons. Various observations made in the above report, along with the list of schools where there are problems, should be sufficient an indication that the district officers concerned must focus on all the schools which have different problems. It is only hoped that the district would take the observation seriously and work towards making this well-meaning programme a success.

MDM report of Vijayapura (Bijapur) District

As a part of the Vijayapura district monitoring work, 40 schools were studied. Out of the 40 schools 13 schools were Lower primary schools from classes 1 to 5, 14 schools were Higher primary schools from classes 1 to 7, there were 10 Higher primary schools from classes 1 to 8 and 3 KGBVs. All these schools were government. All the schools were visited during January 2015 to February 2015.

37 schools (36 schools + 1 school which is served from centralized kitchen centre) are considered for this report.

10.1 Availability of food grains:

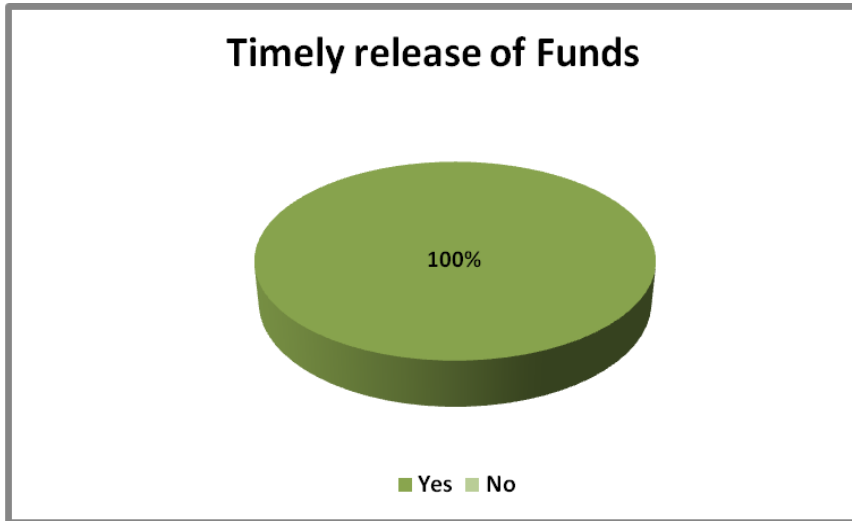

36 schools (100%) had buffer stock of food grains for one month.

The food grains are delivered to school in time by the lifting agency in all the schools.

The food grains supplied were of grade A quality (FAQ) in all schools.

In all the schools food grains are released after adjusting the unspent balance of the previous month.

10.2 Timely release of Funds:

The releasing of funds to district/Block/School is on regular basis in advance, in all the schools.

10.3 Availability of cooking cost:

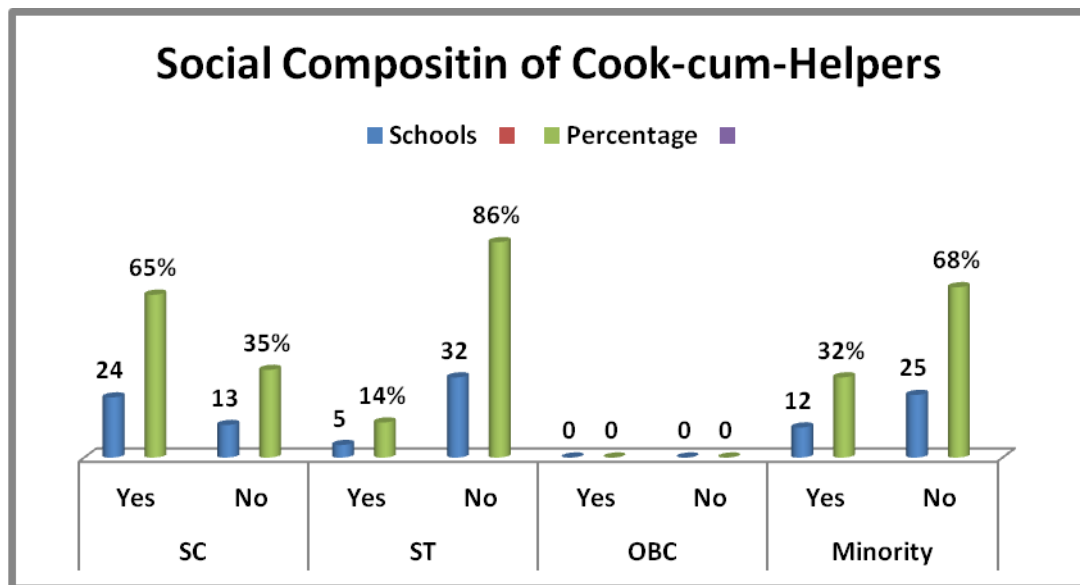

In all the schools the cooking cost is received in advance regularly and it is through e- transfer.

10.4 Availability of Cook-Cum-Helpers:

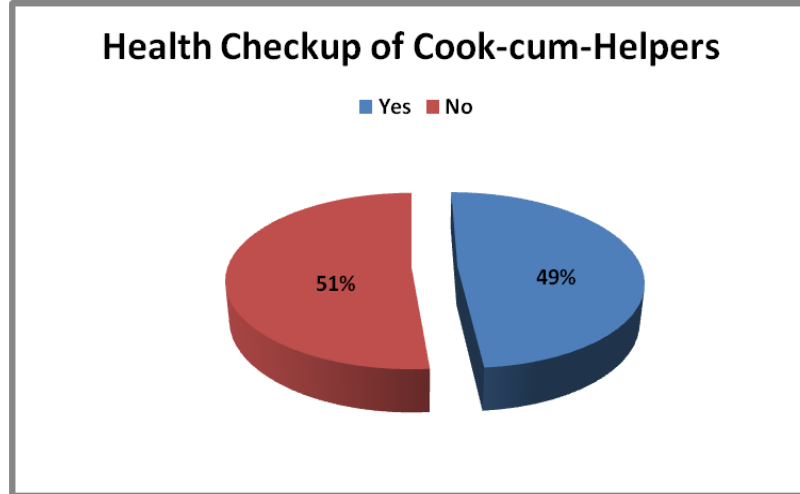

In 36 schools cook-cum-helpers are engaged by PRI and in one school it is by NGO.

In all the schools cook-cum-helpers are *recruited as per GOI norms*. The honorarium paid is Rs 1700/- for cook and Rs 1600/- for helpers. The mode of payment is by e-transfer in all the schools (37). It is being paid once in three months.

Cooks-cum-helper comprised of SC, ST, and OBC. 24 schools had SC cooks, 5 schools had ST cooks and 12 schools had OBC cooks. These show that social composition among cooks is satisfactory. All the cooks and helpers employed are females.

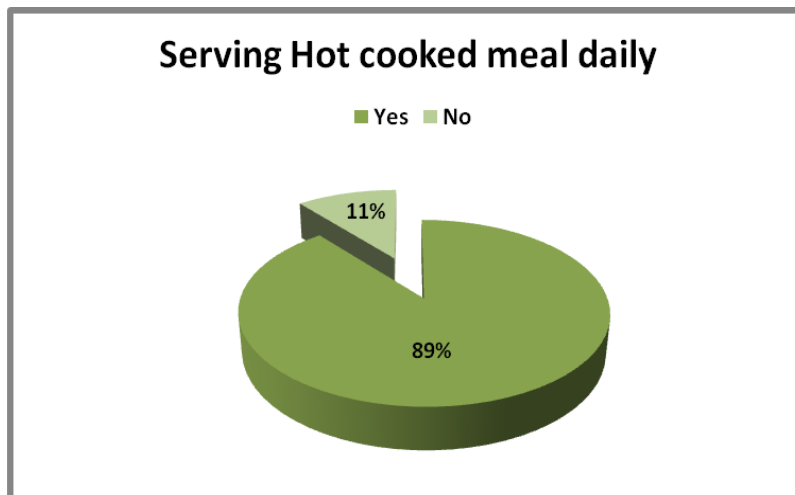

The one day training has been provided to cooks and helpers of 35 schools by the district functionary but the training module is not available in any schools. In 2 schools the training to cook-cum-helpers is not provided. These schools are- GLPS Nidagundi Extn and GHPS Malaghana.

The health check up of cook-cum-helpers has been done in 18 schools and the same has not been done in 19 schools. These schools are:-

**Second Half Yearly MDM Monitoring Report of RIE,
Mysore, Karnataka, for the period of
2014-2015**

Dr. T V Somashekar
Coordinator
Yadagiri

Regional Institute of Education, (NCERT)
Manasagangotri, Mysore
2015

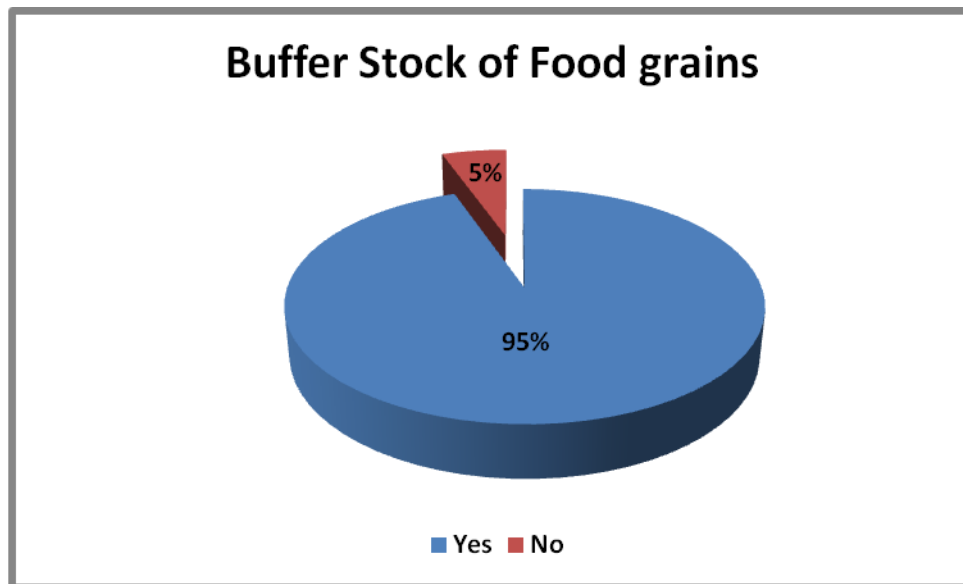

MDM Report of Yadagiri District: Karnataka

As a part of the Yadagiri district monitoring work, 40 Government schools were studied. Out of the 40 schools there were 13 schools of Lower Primary from classes 1 to 5, 13 schools were Higher Primary Schools from classes 1 to 7, there were 11 Higher Primary Schools from classes 1 to 8, and 3 KGBVs. All the schools were visited during January to February, 2015.

37 schools are considered for this report.

10.1 Availability of food grains:

35 schools (95%) had buffer stock of food grains for one month and in 2 schools, GLPS Borabanda and GHPS Minaspur, the buffer stocks were not there.

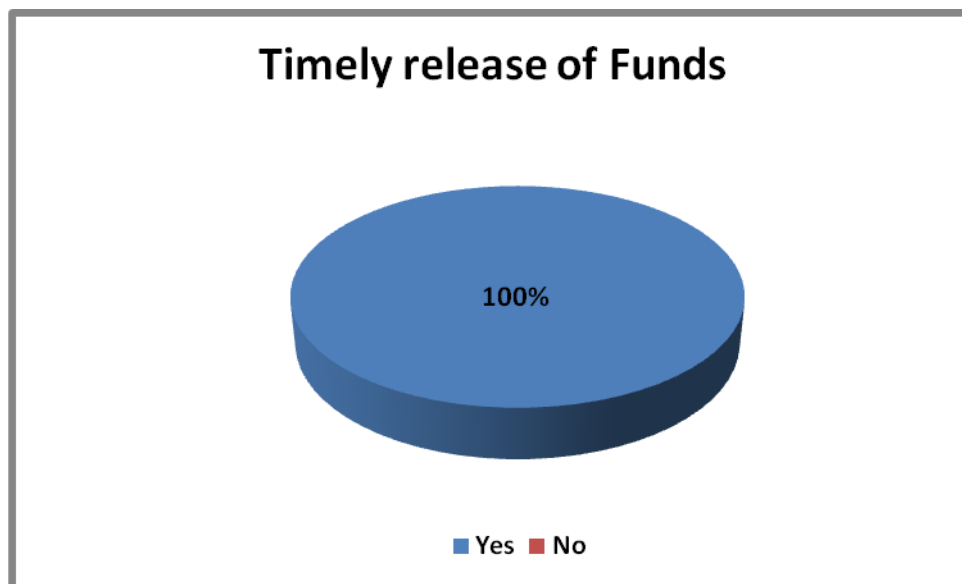

The food grains are delivered to school in time by the lifting agency in 36 schools and the same is not done in GLPS Ambedkar Nagara, Hattigudur. The stock is delivered at GHPS Hattigudur and teachers of GLPS collect from their.

In 24 schools the food grains supplied were of grade A quality (FAQ), while in 13 schools it was not of grade A quality. These schools are:

- | | |
|----------------------|-----------------------------|
| 1. GHPS Muslim pura | 8. GLPS Beemanahalli |
| 2. GLPS Borabanda | 9. GLPS Harijanwada Kembavi |
| 3. GHPS Minaspur | 10. GHPS Rajankolluru |
| 4. GHPS Najarapur | 11. GHPS Gowdagera |
| 5. GHPS Rama Samudra | 12. GHPS T Wadagera |
| 6. GHPS Devarahalli | 13. GHPS Aikur |
| 7. GMPS Gajarakota | |

In all the schools food grains are released after adjusting the unspent balance of the previous month.

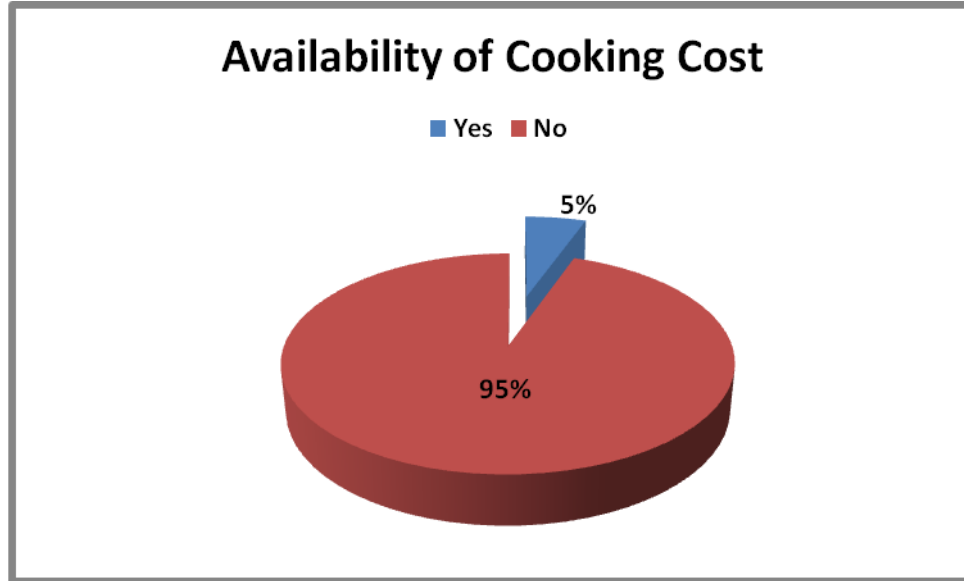

10.2 Timely release of Funds:

The releasing of funds to district/Block/School is on regular basis, in advance, in all the schools.

10.3 Availability of cooking cost:

In 35 schools the cooking cost is not received in advance regularly and the payment of advance amount is made through e- transfer for all the schools in the district.

The period of delay, in receipt of cooking cost is 3 months and in such situation HM or head cook will spend from their pocket and reimburse them when fund is released.

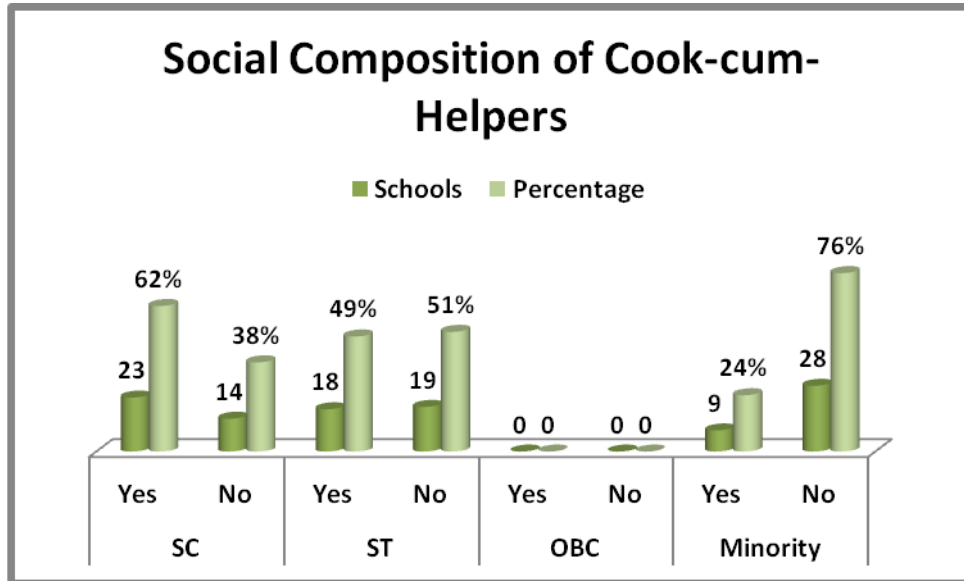

10.4 Availability of Cook-Cum-Helpers:

In all the schools cook-cum-helpers are engaged by PRI.

In 23 schools cook-cum-helpers are *recruited as per GOI norms*. In 14 schools the norms are not followed. These schools are:-

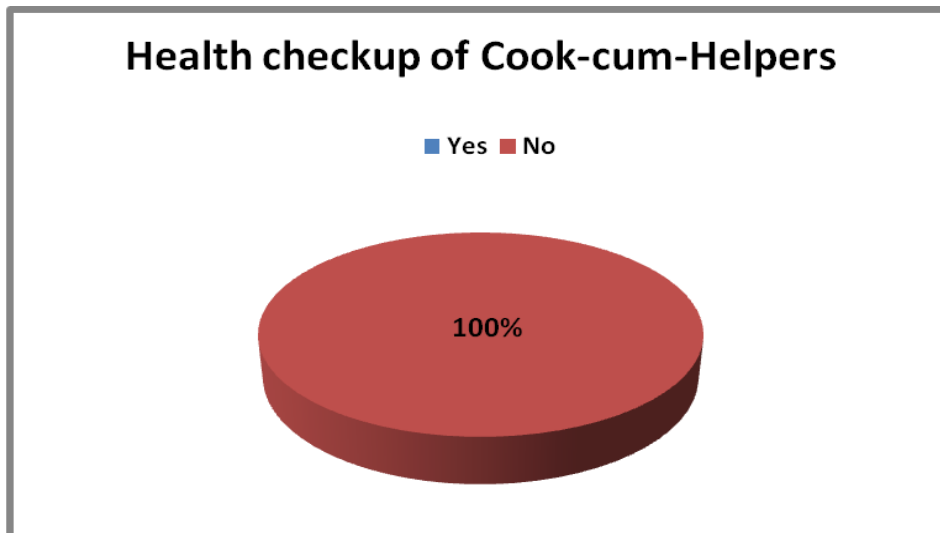

- | | |
|----------------------|---|
| 1. GHPS Minaspur | 9. GHPS Badayapura |
| 2. GHPS Rama Samudra | 10. GHPS T Wadagera |
| 3. GMPS Sydapur | 11. GLPS Ambedkar Nagara,

| 6. GHPS Rajankolluru | 14. GHPS Mudaboola |
| 7. GHPS Gowdagera | |
| 8. GHPS Yedahalli | |

The honorarium paid is Rs 1700/- for cook and Rs 1600/- for helpers. The mode of payment is by cash in 25 schools and by cheque in 12 schools. The payment of remuneration is not regular in all the schools.

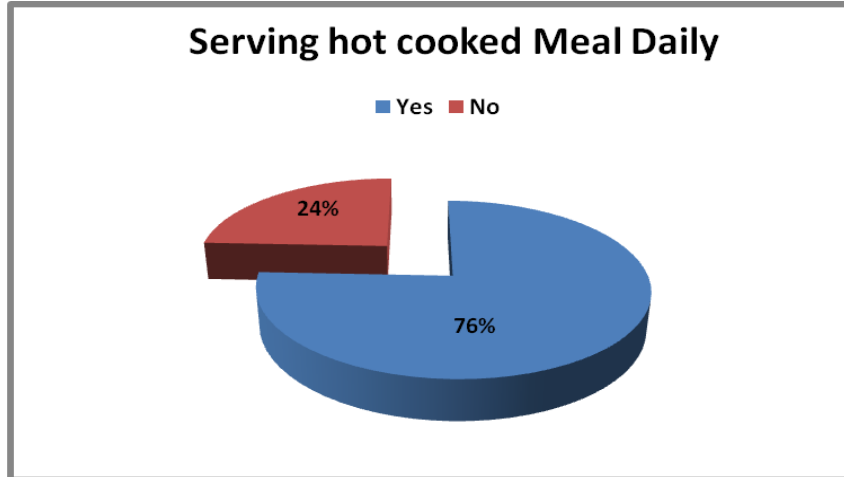

Cooks-cum-helper comprised of SC, ST, and OBC. 23 schools had SC cooks, 18 schools had ST cooks and 9 schools had OBC cooks. These show that social composition among cooks is satisfactory. All the cooks and helpers employed are females.

One day training has been provided to cooks and helpers of 35 schools by the district functionary and the same has been not provided to GHPS T Wadagera and GHPS Shirval. The training module for cook-cum-helpers is not available in any of the schools.

The health check up of cook-cum-helpers has been not done in all the 37 schools.

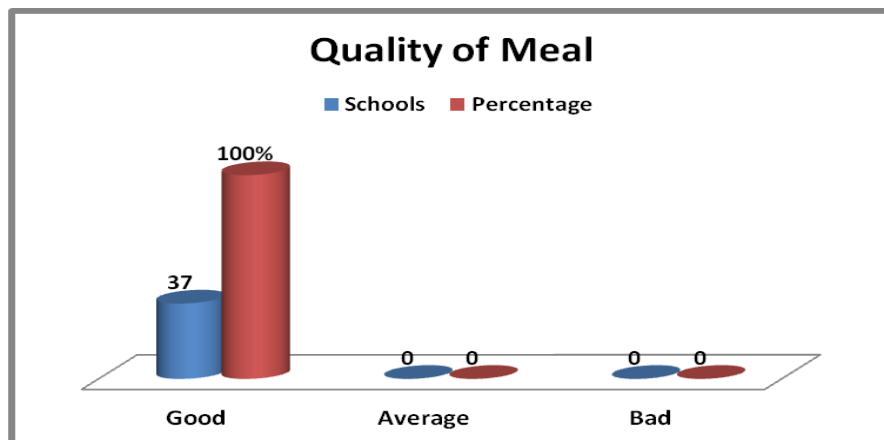

10.5 Regularity in serving the meal:

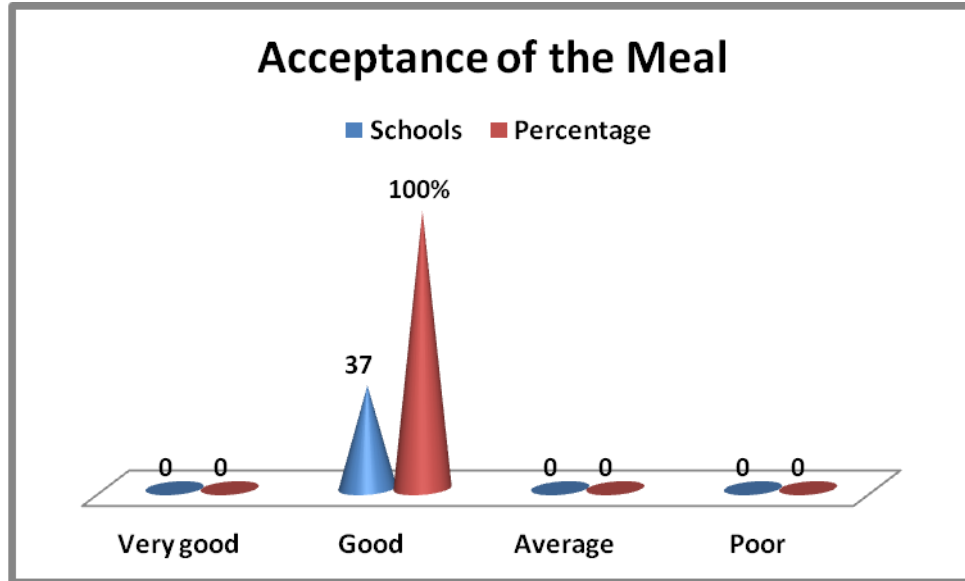

28 schools are serving hot cooked meals daily. There were interruptions in MDM during the current academic year in 9 schools varying from 6 days to 35 days due to non-availability of LPG and shortage of food grains. These schools are:

- | | |
|-------------------------|--------------------------|
| 1. GHPS Devarahalli | 6. GHPS Kavaluru |
| 2. GMPS Gajarakota | 7. GLPS Beligunda Thanda |
| 3. GMPS Sydapur | 8. GLPS Managanal |
| 4. GLPS Balichakra Gate | 9. GHPS Aikur |
| 5. GHPS Mundaragi | |

10.6 Quality & Quantity of Meal:

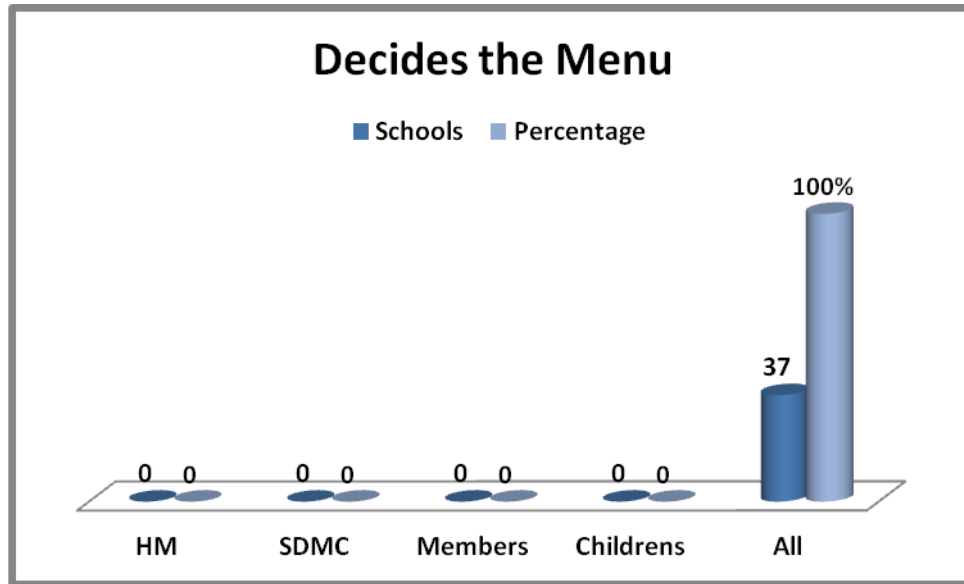

All the students are happy with the quantity as well as quality of food served to them in schools. The quantity of pulses used and quantity of green leafy vegetables used in the meal per child is sufficient. Majority of Students accept the meal and rate is as good. Double fortified salt is being used in all the schools for cooking.

The method used for measuring the quantity of food to be served is serving spoon.

10.7 Variety in Menu:

The menu is decided by collective decision of HM, SDMCs and students in all the 37 schools. This practice provides scope for stake holders to participate in decision making process and in strengthening democratic processes.

3 schools display the weekly menu for community observation and it is not done in 34 schools. The lists of these schools are given below.
