FOREWORD

University of Calcutta, Monitoring Institute in charge of monitoring of **10** districts of **West Bengal** feels privileged to be one of the Monitoring Institution across the country for broad based monitoring of SSA and MDM activities.

This is the **2nd half- yearly** report for the year **2014-15** and is based on the data collected from **Birbhum, Murshidabad and Siliguri districts**.

I hope the findings of the report would be helpful to both the Govt. of India and the State Government of **West Bengal** to understand the grass-root level problems as well as achievement and functioning of MDM Program in the State and to plan further necessary interventions.

ACKNOWLEDGEMENT

The SSA & MDM are two of the most inclusive of all social sector policies of Government of India. As both the programmes are being implemented in all the states, including West Bengal, at the level of primary and upper primary schools, the scale of operation is enormous.

The responsibility of monitoring the programmes with a stratified random sample of 40 schools in each of the six districts taken up in this phase, based on 14 parameters of stratification, within a stringent time-frame of 6 months is obviously quite challenging. This calls for the concerted cooperation of a host of different individuals, offices and institutions.

Though the project could not be started by the MI (University of Calcutta) in time because of administrative bottlenecks beyond the control of the nodal officer, we have already submitted final reports of the 7 districts (Howrah, South 24 Parganas, Nadia, Paschim Medinipore, Purba Medinipore, Bankura and Uttar Dinajpur), allotted for the overall monitoring activity. This report contains the results of monitoring activities in the Birbhum, Murshidabad and Siliguri districts.

Significant cooperation and unstinted support was received from the State Project Director and her office.. Mr. N.N. Burman, Project Director, CMDMP, West Bengal had also been cooperative all through the monitoring work. The respective offices of the DPO of the district covered in the report did also extend the required assistance.

Ms. Somoshree Mukherjee, Project Coordinator, and the field team members – Mr. Atanu Mandal, Mr. Sudipta Mandal, Mr. Tanmoy Mandal, Mr. Bijon kr. Mandal, Mr. Subrata Bhattacharya, Mr. Shankar Majumder, Mr. Suhas Majumder and Mr. Soumen Chatterjee --did a truly authentic job in executing the project. Mr. Debojyoti Naskar and Ms. Doyel Roy Bhattacharya backed up excellently in post-survey activities.

INTRODUCTION

Sarva Shiksha Abhiyan (SSA) program had mandated a number of provisions to be observed by all the government/government-aided primary and upper primary schools in India.

Similarly, the Mid-day Meal (MDM) program also required the schools to provide hot cooked mid-day meal to all school children of class I to class VIII along with other requirements.

A major public sector intervention like this necessitated the requirement of monitoring of the program on a regular basis. Over and above the periodic internal assessment of the Cooked Mid-day Meal Program and evaluative studies by different institutions/agencies/organizations, the Government of India felt that it is important to conduct third party independent monitoring. Accordingly, University of Calcutta was entrusted, as a monitoring institution, with the responsibility of monitoring the two programs in ten districts of West Bengal during the period April, 2013 to March, 2015.

The districts assigned by the School Education (SE) Department, Government of India are South 24 Parganas, Howrah, Nadia, Purba Medinipore, Paschim Medinipore, Bankura, Birbhum, Murshidabad, Siliguri and Uttar Dinajpur.

The field study started with the districts of South 24 Paraganas and followed by the survey in rest 9 districts. The final report on Howrah, South 24 Parganas, Nadia, Paschim Medinipore, Purba Medinipore, Bankura and Uttar Dinajpur has already been submitted. The succeeding pages capture the observations, analysis and outcomes of the survey in Birbhum, Murshidabad and Siliguri districts.

METHODOLOGY

First hand data for the project are being collected on the basis of a detailed structured questionnaire. The schools for field survey were selected on the basis of stratified random sampling. The stratification for each district was done using the 14 criteria stipulated by the department of SE, GoI. The Criteria include:

- a. Higher gender gap in enrolment.
- b. Higher proportion of SC/ST students.
- c. Low retention rate and higher dropout rate.
- d. The school has a minimum of three CWSN.
- e. The habitations where the school is located at, has sizable number of OoSC.
- f. The habitation where the school is located at, witnesses in-bound and out-bound seasonal migration.
- g. The habitation where the school is located at is known to have sizeable number of urban deprived children.
- h. Schools with special training centre.
- i. Schools with Civil work sanctioned
- j. Schools with CAL program
- k. Three KGBV schools
- l. Three schools from NPEGEL blocks.
- m. The school is located in a forest or far-flung area.
- n. The habitation where the school is located at, witnesses recurrent floods or some other natural calamity.

Another stipulation was that at least 8 out of 40 schools should be from urban areas, 6 should be with Special Training Centers (3 residential and 3 non-residential) attached to it, 2 must have civil works sanctioned for them, 2 should be from NPEGEL blocks, 3 schools are to have a minimum of 3 CWSN (priority to those having other than OI children) and 3 each must be covered under the Computer Aided Learning (CAL) and KGBV scheme. This has also been duly followed. Besides, the selection of the sample schools, importance was given to a fairly comprehensive coverage of the different geographical areas of the district to minimize the sampling error.

The data set thus generated has been entered and processed using Microsoft Excel and the tabular presentation for different criteria has also been converted to pictorial presentation

(charts, graphs etc).The observations have subsequently been analyzed and presented in the following pages.

Apart from these, relevant official documents and reports relating to MDM were consulted. The relevant district statistical handbooks for the project districts were also used in course of the process of school selection.

Observations:

The observations have been divided into two broad sections one covering the SSA component and the other devoted to MDM section.

Within the MDM section the data have been classified as per the following categories.

1. Availability of foodgrains
2. Timely release of funds
3. Availability of cooking cost
4. Availability of cook-cum-helpers
5. Regularity in serving meal
6. Quality & quantity of meal.
7. Variety of menu
8.
 - i. Display of information under Right to Education Act, 2009 at the school level at prominent place.
 - ii. Display of MDM Logo at prominent place preferably outside wall of the school.
9. Trends
10. Social equity.
11. Convergence with other schemes.
12. Infrastructure.
 - i. Kitchen-cum-store.
 - ii. Kitchen devices.
 - iii. Availability of storage bins.
 - iv. Toilets in the school.
 - v. Availability of potable water.
 - vi. Availability of fire extinguishers
 - vii. IT infrastructure available @school level.

13. Safety & hygiene
14. Community participation.
15. Inspection & supervision.
16. Impact
17. Grievance redressal mechanism.

Last but not the least, wherever cooked mid-day meal is served from the **centralized kitchen**, it is also thoroughly surveyed with structured questionnaire provided.

- ◆ The Monitoring Institution (MI) , University of Calcutta has started the survey to conduct the monitoring activity on MDM program in Birbhum. As discussed earlier also, 10 conditions have been considered to assess the status of mid-day meal program implementation in all these schools. Each condition has been allotted a score of either 0 or 1. If the condition gets satisfactorily met, then 1 is allotted for the same, otherwise 0. Therefore at its best, if a school meets all the condition, it can achieve 10 out of 10 points and at its worst 0 out of 10 points if fails to satisfy even a single condition. A brief on the status of MDM implementation in terms of scoring has been presented in tabular form above.
- ◆ The overall composite score of these 40 schools is 348 out of 400 in Birbhum.
- ◆ **Modhura High School** has no Mid day Meal facility. Mid day Meal has stopped due to problem among the Self help Group members. So all the above mentioned conditions are **Not applicable** for this upper primary school.
- ◆ **In Bolpur Vivekananda Vidyapith**, Mid day Meal has been stopped since May'2015. No allotment order is given to this school.
- ◆ It is reported that in **SreeSree Saradeswari Vidyalaya For Girls'**, if SC members cook the meal , then the students eat very little.
- ◆ Among 40 schools, 15 schools achieved 10 out of 10 satisfying 10 conditions. But **Gayespur S.S.K school** has achieved the lowest mark i.e. 6 out of 10.

- ◆ The survey has been started by the Monitoring Institution (MI) , University of Calcutta to conduct the monitoring activity on MDM program in **Murshidabad**. As discussed earlier also, 10 conditions have been considered to assess the status of **Sarba Shiksha Abhiyan** in all these schools. Each condition has been allotted a score of either 0 or 1. If the condition gets satisfactorily met, then 1 is allotted for the same, otherwise 0. Therefore at its best, if a school meets all the condition, it can achieve 10 out of 10 points and at its worst 0 out of 10 points if fails to satisfy even a single condition. A brief on the status of MDM implementation in terms of scoring has been presented in tabular form above.
- ◆ The overall composite score of these 40 schools is 345 out of 400 in Murshidabad.
- ◆ Among 40 schools , there are **26 primary schools** , **8 upper primary schools**, **3 SSK schools** and **3 Madrasa** schools in Murshidabad.
- ◆ **Hossainabad High school(H.S.)**, **Rabindra Rokeya Primary School**, **3 no. Janardanpur Primary School** and **Munsobpur Primary School** have achieved only 7 satisfying only 7 conditions. **Debidaspur Primary School**, **36 no Bairagachi G.S.F.P Vidyalya**, **Laskarpur Primary School**, **7 no. Bartala Primary School**, **Faridpur Primary school**, **Jitpur Dighirpar Primary School**, **17 no. Nasipur Primary School** and **Srirampur Sisu Sikha Kendra** have got full marks satisfying all the above mentioned conditions.

∇ In **Siliguri**, the survey has been started by the Monitoring Institution (MI) , University of Calcutta to conduct the monitoring activity on MDM program. As discussed earlier also, 10 conditions have been considered to assess the status of **Sarba Shiksha Abhiyan** in all these schools. Each condition has been allotted a score of either 0 or 1. If the condition gets satisfactorily met, then 1 is allotted for the same, otherwise 0. Therefore at its best, if a school meets all the condition, it can achieve 10 out of 10 points and at its worst 0 out of 10 points if fails to satisfy even a single condition. A brief on the status of MDM implementation in terms of scoring has been presented in tabular form above.

∇ The overall composite score of these 40 schools is 295 out of 400 in Siliguri.

∇ In Siliguri there are 22 primary schools , 12 upper primary schools , 3 SSK , 2 MSK and 1 Madrasa schools. **Shyamdhas Jote High School** did not want to share any data with us. So this school achieved 0 out of 10.

∇ **Lahugach High Madrasha** has scored 10 out of 10 satisfying 10 conditions. On the other hand **Netaji Boy's Primary School** has scored 3 out 10.
